

CARE AND CLEANING INSTRUCTIONS

- Brush off dirt before it becomes embedded in the fabric, and wipe spills as soon as they occur.
- Spot clean as needed with 1 part mild detergent to 5 parts water.
- Store product indoors when not in use.
- To wash your fabric: remove cover from cushion insert and clean with 1 part mild detergent to 5 parts water. Rinse thoroughly and air dry before replacing the cushion insert. DO NOT DRY CLEAN.
- To spot clean with bleach: use 1 cup bleach and 1/4 cup detergent to 1 gallon of water. Spray affected area and allow the cleaning solution to soak in for 15 minutes. Use a sponge, towel or soft bristle brush to clean the fabric, rinse thoroughly, and air dry.

FEATURES AND TECHNICAL DATA

Physical Properties	Fabric Content	100% Solution-Dyed PET Staple Fiber (Contents: Partially contains recycled materials)	 All-weather fabric
Abrasion (ASTM D4 157 in RUBS)		>16,000	 Stain-resistant
Colorfastness to light (ISO 105 B02-1994(2000) blue wool ref.) (AATCC 16-1998 option 3 grey scale)		7-8 Class 4.0@1200 hrs.	
Crocking />or= (Dry) (AATCC 8) />or= (Wet)		Class 4.5 Class 4.5	 Bleach cleanable
Tensile Strength (ASTM D5034)		225 lb. warp 100 lb. weft	
Tear Strength (ASTM 1424, Capacity of Tester: 6400g)		+12.5 warp 8.5 weft	 Soft & breathable
Water repellent (AATCC 22-2005, max 100)		>90	
UPF Testing (AS/NZS4399-1996)		50+ (Actual rating >800)	
Pigmentation		Solution-dyed spun
